DNRT has gone to the dogs!

Come learn more about your pup's behavior in the woods during an evening of dog-focused fun.

Dog trainers from **Harmonious Hounds** will discuss dog psychology on the trail, including **how to successfully recall your dog** in the face of common outdoor distractions, such as other dogs, people, and wildlife.

The presentation will be followed by a screening of the 45-min. documentary *Dog Dazed*.

*Come. Sit. Stay!*
